

DUO-SAFETY LADDER CORPORATION

Safety Shoes

Our Safety Shoes are designed for use on all Duo-Safety ladder models. Shoes are equipped with rugged, spiked toes for ground use and are easily converted to rubber soled shoes for hard surface use. Suction soles have 8" of gripping area. These shoes come standard on all folding ladders Model 585A and are optional on all other aluminum or fiberglass ladders.

If you have any further questions, please call 920-231-2740.

Part# SSW-B
(Safety Shoes Bulk - no hardware)

Part# SSA-585
(for 585-A Folding Ladder,
